On May 1, 2010, TechServ completed negotiations and purchased three dormant, non-airline Pan American World Airways companies. On February 23, 2011, State of Florida examiners approved Pan American Technical Services, Inc.'s return to active status in good standing with the state after 19 years of dormancy. On July 1, 2011, TechServ began marketing efforts for Pan American Technical Services, which was the Engineering Department of Pan American World Airways and Pan American World Services, based in Cape Canaveral, Florida.
